

Voting Information

Voting for the new amendment to the CC&Rs will be handled by petition. Owners of 60% (840) of all lots must agree to the change in order for it to be valid and stand up to any legal challenges. Because there are over 500 lots that are owned by those living outside of Dixie Springs, those owners are being given the opportunity to sign the petition in the form of a letter, which will be added to the entire packet.

Dixie Springs residents will be able to sign petitions at the park, at several signing stations around the neighborhood, or at their home. If you are in Dixie Springs, but would prefer to sign via letter like the other owners please send a request to no2acc@outlook.com and we will send one out to you immediately.

Timing

On the letter we requested that you send your letter back by the 6th of October. Please rest assured that your letter will be counted regardless of the date it is received. While we would like to conclude the petition drive earlier, we will be collecting names until the end of October if needed.

Please do not feel pressured to sign without taking the time to read the materials and ask your lawyer if you like. We do not take this lightly and have spent hundreds of hours and thousands of dollars collectively to get to this point. We want you to be confident in what you sign.

Petition

The petition will be preserved and notarized following legal counsel.

Volunteer

If you would like to help out with the effort, please join the Facebook Group “Dixie Springs Owners for Change” coming online shortly. This is not a debate or discussion group, there are plenty of those. This is all about organizing and getting together to finish the local petition effort and hopefully meeting more of your neighbors. This is a working site devoted to completing this project.
